

Dear Friends,

The Bringing Hope to Life Celebrity Human Race in support of Health Sciences Centre Foundation is nearly upon us, and we couldn't be more excited for **the grand finale** of this two-day event to start! Over the past four years, Celebrity Human Race participants and sponsors have raised more than \$2.8 million! The money raised has had an enormous impact for all the patients and families that rely on HSC Winnipeg's services. Thank you to everyone who has made that possible.

The Celebrity Human Race is guaranteed to be the most fun you can have while supporting this great cause. It's a weekend of racing around Winnipeg, competing in exciting challenges, and bumping shoulders with a host of well-known celebrities at exclusive race-weekend events! As this will be the fifth and final year, it is your last chance to get involved and experience an unforgettable weekend.

Teams who sign up for this event should all be commended, as they help provide significant funds for promising research initiatives, new technology, and leading-edge facilities at the hospital. Organizations who partner with us also play a vital role in the success of the event, and we can't thank you enough.

As co-chairs of one of the HSC Foundation's signature fundraising events, we are honored to count ourselves amongst the teams, sponsors, donors, volunteers, and staff at the HSC Foundation who are all making a difference for Manitoba families which rely on HSC for their medical care.

We encourage you to join us in our efforts by signing up a team, making a donation, sponsoring the event, or volunteering your time to help make this year's race one for the record books, and one that will make a significant difference for loved ones in our community.

Dan Chisick and Ryan Downey
